**BILL REID
HAIDA RAVEN - ORIGINAL PAINTING, 1972**

\$40,000.00 CAD

Length	27
Width	26.5
Medium	Paper, Acrylic, Watercolour

This was a working document that Reid edited as he worked out the design elements of what would become the template for Haida Raven, a print edition from 1974. In this work, you can see areas where Reid cut out sections to relay paper and repaint, or where he painted over designs he chose to exclude. This original is dated 1972 and is the most complete draft we have seen, indicating that it might be the last version Reid worked on.
