Raven is central to coastal mythology. As a culture hero, a transformer, and a trickster, his adventures at the beginning of time released the sun and the moon and brought the world into existence. Raven is identified by its straight beak and lack of ears or plumage on the head.

Hummingbirds are often described in stories as tiny rainbows. They symbolize love and beauty, wealth and prestige. Hummingbirds are known as a symbol of good luck to anyone who sees them. Hummingbird can be distinguished by their long pointed beak and are often shown alongside floral elements.
