\$130.00 CAD

Weight	1.000 lbs
Dimensions	1.250 × 0.625 in
Length	1.25
Width	0.625
Medium	Sterling Silver

Raven is one of the most important figures in the oral traditions of the Northwest Coast. As a cultural hero, a transformer, and a trickster, his adventures at the beginning of time brought the world as we know it now into existence. It was Raven who placed the sun, moon and stars in the sky after stealing them from a supernatural chief. Raven also discovered the first humans and released them into the world.
